NEW!

STREET SOLDIERS RENSSELAER

Throughout the Capital Region, the Street Soldiers movement has connected the power of direct grassroots action with the compassion that drives us to help those in need. Through our regular events, we distribute not only food, drinks, and supplies to all who need, but warmth and kindness as we do these things not for any class of people, but for the friends we haven't met yet.

ABOUT US:

Street Soldiers was founded in Albany in 2016. The fundamental idea was to create a movement that could be implemented anywhere, able to adapt to the specific needs of the community. We seek donations and sponsorships from local businesses and distribute the donations through community volunteers,
